SINCE 2014, FOA HAS AWARDED OVER \$600,000 IN GRANTS AND SCHOLARSHIPS TO AREA NONPROFITS AND STUDENTS, DRIVING THE CHANGE OUR COMMUNITY NEEDS.

Know a bayou-bred organization in need? Grants are awarded through a competitive process in a variety of subject areas. Qualified schools and 501(c)(3) nonprofit organizations in Lafourche and Terrebonne parishes and Grand Isle are encouraged to apply.

Our members know that our children are our future — and we are dedicated to supporting them every step of the way. FOA also provides scholarships to qualifying high school seniors bound for college. Scholarships are given for a wide variety of career goals, experiences and higher education plans.

FUELED BY CHANGE

THE FOURCHON OILMAN'S ASSOCIATION (FOA) IS COMPRISED OF OIL & GAS INDUSTRY LEADERS DEDICATED TO PROVIDING THE RESOURCES THAT EDUCATIONAL AND CHARITABLE ORGANIZATIONS IN THE BAYOU REGION NEED TO SUCCEED.

Since 2011, we have awarded over 120 grants to deserving community organizations. Over a dozen high school seniors have received FOA-backed scholarships to help them reach their full potential at their college of choice.

For centuries, Bayou Lafourche and the Terrebonne areas have thrived as small, but mighty territories, bound by a dedication to our critical waterways. A commitment to FOA carries out that tradition, as every dollar we raise is invested back into organizations aimed at creating a better Southern Louisiana.

"Over the past seven years, we have lost five divers tasked to perform search and rescue missions. Through the Fourchon Oilman's Association, we're now able to offer the best technology and advanced trainings to perform search, rescue and recovery support for our dive community. They've also helped us to build the first Seaman's Memorial for the State of Louisiana in Port Fourchon. We simply could not have accomplished our mission without their support."

"Our classrooms have had necessary upgrades with new projectors; our students received first-class reading and writing literacy resources; and each student now has the opportunity to be successful—all a direct result of the Fourchon Oilman's grant."
