ABOUT THE FOURCHON OILMAN'S ASSOCIATION

FOURCHON
OILMAN'S ASSOCIATION

Founded in 2011, the Fourchon Oilman's Association, Inc. (FOA) is comprised of oil & gas industry leaders dedicated to utilizing the resources of their respective industries in conjunction with Port Fourchon to foster goodwill throughout our surrounding communities.

Although we are a relatively new organization, our board members have spent many combined years in the oil and gas industry. We are committed to bestowing that same dedication and service to ensure the purpose and success of this organization for years to come.

OUR MISSION IS TO BE DEDICATED TO HELPING LOCAL EDUCATIONAL AND CHARITABLE ORGANIZATIONS WHILE PROMOTING THE OIL AND GAS INDUSTRY.

OUR IMPACT

Since our founding, we have awarded over 130 grants to deserving community organizations. Over a dozen high school seniors have received FOA-backed scholarships to help them reach their full potential at their college of choice.

For centuries, Bayou Lafourche and the Terrebonne areas have thrived as small but mighty territories, bound by a dedication to our critical waterways. A commitment to FOA carries out that tradition, as every dollar we raise is invested back into organizations aimed at creating a better Southern Louisiana.
